Reference Center for Pelvic and AnoRectal
Malformation (MAREP)
Paris, France

Atsuyuki Yamataka, MD, PhD

Professor and Head
Pediatric General & Urogenital Surgery
Juntendo University School of Medicine
Tokyo, Japan

SCHOOL OF MEDICINE
CASE WESTERN RESERVE
UNIVERSITY

The commitment to exceptional patient care begins with revolutionary discovery. University Hospitals Case Medical Center is the primary affiliate of Case Western Reserve University School of Medicine, a national leader in medical research and education and consistently ranked among the top research medical schools in the country by U.S. News & World Report. Through their faculty appointments at the Case Western Reserve University School of Medicine, physicians at UH Case Medical Center are advancing medical care through innovative research and discovery that bring the latest treatment options to patients.

COURSE AGENDA

All Times are Eastern Standard Time

7:30 am Participant Web Testing

8:00 am – 9:30 am (Eastern Standard Time)

Session I: Anorectal Malformations (ARM)

Case Presentations – Key Points:

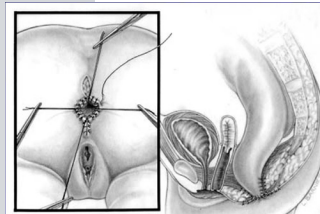

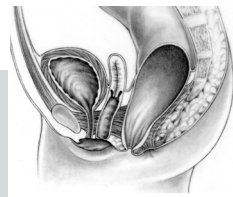

- Colostomy or primary repair
- Management of a perineal fistula
- ARM and constipation
- Newborn management of cloaca
- Laparoscopy and ARM

Panel Discussion

Panelists:

Alp Numangolu
Nguyen Thanh Liem
Marcela Bailez
Long Li

Atsuyuki Yamataka
Ivo deBlaauw
Paola Midrio
Sabine Sarnacki

9:30 am

BREAK

9:40 am – 11:10 am

Session II: Hirschsprung's Disease (HD)

Case Presentations – Key Points:

- Transanal only vs lap assisted
- HD patient not doing well on irrigations
- Postoperative recurrent enterocolitis
- HD post pull-through and soiling
- Total colonic HD

Panel Discussion

Panelists:

Alp Numangolu
Jacob Langer
Nguyen Thanh Liem

Luis de la Torre
Atsuyuki Yamataka

11:10 am

BREAK

11 :20 am – 12 :50 pm

Session III: Idiopathic Constipation/Fecal Incontinence

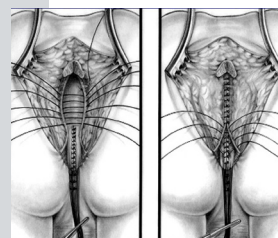

Case Presentations – Key Points :

- The soiling patient with ARM
- The soiling patient with a spinal anomaly
- Idiopathic constipation treatments
- Is there such a thing as a permanent colostomy?

Panel Discussion

Panelists:

Ivo deBlaauw
Paola Midrio
Luis de la Torre
Jacob Langer

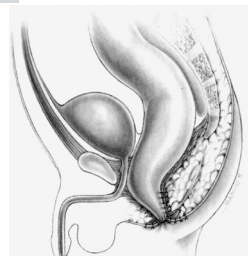

12:50 pm

Final Comments / Q & A

1:00 pm

Adjourn

Web Symposium Description

Half day symposium, led by worldwide opinion leaders highlighting new concepts and controversies in pediatric colorectal anomalies. This symposium will address common controversies that pediatric surgeons face day to day in the treatment of pediatric colorectal problems. The format of the course will be case presentations followed by panel and participant discussion.

Educational Objectives

- Describe the appropriate surgical techniques used for the most frequent types of ARM.
- Discuss post-operative management of ARM.
- Discuss the diagnosis and treatment of Hirschsprung's disease.
- Identify various treatments in a bowel management program.
- Discuss the management of ideopathic constipation.
- Discuss the management of post HD pull-through problems.

Continuing Education

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Case Western Reserve University School of Medicine and globalcastmd.

Case Western Reserve University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians. Case Western Reserve University School of Medicine designates this live activity for a maximum of *4.75 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Acknowledgment

Educational grants from corporate sponsors in support of this course are gratefully acknowledged. Acceptance of funding in support of this program does not constitute endorsement of any product or manufacturer. A full listing of supporters will be provided in the course syllabus.

Policy Disclosure

The policy of Case Western Reserve University School of Medicine CME Program requires that the Activity Director, planning committee members and all activity faculty (that is, anyone in a position to control the content of the education activity) disclose to the activity participants all relevant financial relationships with commercial interests. Disclosure will be made to activity participants prior to the commencement of the activity. Case Western Reserve University School of Medicine also requires that faculty make clinical recommendations based on the best available scientific evidence and that faculty identify any discussion of "off-label" or investigational use of pharmaceutical products or medical devices.

Privacy Policy

The Privacy Policy of the CWRU Website, cwru.edu and the University Hospitals Website, uhhospitals.org, concerning information collection practices, "cookies" and other personal and aggregate data collection is detailed on the Website and applies to all visitors to the site including those visitors accessing the CME web pages. CME activities must be in compliance with the privacy policies of the CWRU and University Hospitals websites.

The minimum system requirements to attend this live web symposium include:

• PC-based attendees: Windows® 2000 or Newer with speakers.

• Macintosh®-based: Mac OS® X 10.4 (Tiger®) OR NEWER with speakers
• Internet Explorer 6.0 or greater, Safari 3.0 or greater, or Firefox 2.0 or greater Adobe Flash Player 8.0 or greater

• Participants should have a minimum 6 Mb/s download speed. We recommend participants join in on a DSL connection or higher and be hard-wired to the internet.

* Attempting to view or participate in the meeting with a configuration which is lower than minimum requirements will result in dropped audio, video or both
